PREPARATION & PRODUCT DETAILS

Make it part of your routine

PREPARATION & TIMING

1. Prepare one tea sachet according to the final package directions.
2. Use the water temperature and steeping time stated on that label.
3. Choose a time of day that suits your caffeine sensitivity.
4. Treat phase-based routines as flexible, not as medical instructions.

No temperature, water volume or steeping duration has been borrowed from another blend.

WHEN TO ENJOY

Pure is positioned for the follicular phase, after menstruation and before ovulation. Let your own tracking information guide a flexible routine.

NOT A WEIGHT-LOSS PRODUCT

The page's detailed description presents Pure as a refreshing beverage, not a detox, fat-burning or weight-loss treatment.

IMPORTANT INFORMATION

This product is not intended to diagnose, treat, cure or prevent disease. Consult a healthcare professional before use if you are pregnant, breastfeeding, taking medication or managing a health condition. Follow the final product label.

A product information sheet is not a clinical finding, batch test report or certificate.
